INDEPENDENT AUDITORS' REPORT

Board of Directors SIM USA, Inc. Charlotte, North Carolina

We have audited the accompanying combined financial statements of SIM USA, Inc., which comprise the combined statements of financial position as of September 30, 2024 and 2023, and the related combined statements of activities, cash flows, and functional expenses for the years then ended, and the related notes to the combined financial statements.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the combined financial position of SIM USA, Inc. as of September 30, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Combined Financial Statements* section of our report. We are required to be independent of SIM USA, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Combined Financial Statements

Management is responsible for the preparation and fair presentation of the combined financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SIM USA, Inc.'s ability to continue as a going concern within one year after the date that the combined financial statements are available to be issued.

Board of Directors SIM USA, Inc. Charlotte, North Carolina

Auditors' Responsibility for the Audit of the Combined Financial Statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the combined financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the combined financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SIM USA, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting
 estimates made by management, as well as evaluate the overall presentation of the combined financial
 statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SIM USA Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

1. NATURE OF ORGANIZATION:

The U.S. office of SIM is legally known as "SIM USA, Inc." (SIM USA). SIM USA is a church and religious order associated with churches of the Protestant faith, is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (Code), and is classified as a publicly supported organization, which is not a private foundation, under Section 509(a)(1) of the Code. As such, it is also exempt from state income tax, and contributions by the public are deductible for income tax purposes as allowed by law. Our IRS tax identification number is 22-1936391.

The Purpose and Mission Statement of SIM USA says:

Convinced that no one should live and die without hearing God's good news, we believe that He has called us to make disciples of the Lord Jesus Christ in communities where He is least known.

Therefore, compelled by God's great love and empowered by the Holy Spirit...

- We cross barriers to proclaim the crucified and risen Christ, expressing His love and compassion among those who live and die without Him
- · We make disciples who will trust and obey Jesus and become part of Christ-centered churches
- We work together with churches to fulfill God's mission across cultures locally and globally
- We facilitate the participation in cross-cultural ministry of those whom God is calling

SIM USA also operates a retirement village for the benefit of its missionaries located in Sebring, Florida. SIM USA's primary source of revenue is contributions from the public.

Relationship to the worldwide SIM organization:

SIM, originally the Sudan Interior Mission, has been launching Christian workers into ministry since 1893, bringing good news to people who are living and dying without the gospel. Today SIM has over 4,000 workers from 65 nations serving on six continents in more than 70 countries... and our heart remains the same. We go above in prayer and beyond in care to make disciples of the Lord Jesus Christ in communities where He is least known.

SIM is an evangelical, international, multi-ethnic, and interdenominational Christian missionary organization. The activities of the organization are carried out in the name "SIM." SIM is composed of entities from around the world that exist separately but choose to serve in gospel ministry, collectively, under the name of SIM, through the signing of the SIM mission agreement. The signatories who compose SIM, embodied as the Global Assembly, voluntarily agree to work under the leadership of the board of governors and the international director. Signatories, including SIM USA, fully endorse and embrace our defining documents: the SIM Mission Agreement, SIM Commitment, SIM Mission Policy, Board Charter, and Bylaws.

SIM USA is a voluntary participant in the worldwide organization of SIM, providing funding and missionary personnel to accomplish SIM USA ministry objectives worldwide. Although SIM USA has substantial economic interest in SIM, it does not have control, thus, consolidation is not required under current accounting standards.

1. NATURE OF ORGANIZATION, continued:

SIM International, Inc. (SIM International) provides leadership and services to all SIM entities worldwide, including setting worldwide SIM Finance Principles and Practices, a common chart of accounts, and interoffice banking and investment services, also known as SIM Trust.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The combined financial statements of SIM USA are prepared on the accrual basis. The significant accounting policies followed are described below to enhance the usefulness of the combined financial statements to the reader. The preparation of combined financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the combined financial statements. Actual results could differ from those estimates.

PRINCIPLES OF COMBINATION

These combined financial statements reflect the activities and financial position of SIM USA, including its branch operation, Sebring Retirement Village; Sudan Interior Mission, Inc., a New York Corporation, which operates the annuity fund; International Christian Fellowship, an Illinois Corporation; African Evangelical Fellowship, a New York Corporation, and Andes Evangelical Mission, Inc., a New York Corporation. Christian Fellowship, African Evangelical Fellowship, and Andes Evangelical Mission, Inc. no longer have operations; however, are retained to provide for the transfers of estates to SIM USA. All significant inter-organization transactions and balances have been eliminated.

CLASSES OF NET ASSETS

The combined financial statements report income and net assets by class:

Net assets without donor restriction are currently available for ministry purposes under the direction of the board, designated by the board for specific use, or resources invested in property and equipment.

Net assets with donor restriction are contributed with donor stipulations for specific operating purposes or programs, with time restrictions, not currently available for use until commitments regarding their use have been fulfilled, or requiring they be held in perpetuity as endowment, with income to be used as stipulated in the endowment agreement.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash, checking, and savings accounts. SIM USA also uses sweep accounts, and funds are transferred automatically as needed. As of September 30, 2024 and 2023, there were \$902,605 and \$680,144 in deposits in excess of federally insured limits, respectively. Additionally, all deposits held with investment custodians are not federally insured and those assets are classified at investments on the accompanying combined statements of financial position.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

INVESTMENTS

Investments in equity securities with readily determinable fair values and all debt securities are recorded at fair value with gains and losses reported in the combined statements of activities. Donated investments are recorded at fair value on the date of donation and thereafter carried in accordance with the above provisions. Where market values are not available, cost values have been used that approximate fair value. SIM USA follows the investment guidelines and decisions of the grantors of the revocable and charitable trusts. At September 30, 2024 and 2023, SIM USA's investment balances exceeded federally insured limites by \$40,060,126 and \$39,526,648, respectively.

Alternative investments consist of investments in Lucent Insurance, Ltd. (Lucent). See Note 4 for the valuation of investments in Lucent.

INVESTMENT IN REAL ESTATE

Investment in real estate includes gifts of property and purchases of property for investment. These investments are recorded at cost if purchased or fair market value at the date of the gift if donated. Joint equity arrangements are agreements where SIM USA co-owns a percentage of real property. The cost or fair market value of the SIM USA percentage in the joint equity arrangements is recorded as investments. Upon sale of these properties, SIM USA will receive their percentage of the total proceeds. Such assets are not income producing, and they are not used in the operations (ministry) of the organization.

PROPERTY AND EQUIPMENT, AND DEPRECIATION

Items capitalized as property and equipment are recorded at cost if purchased or fair value if donated. SIM USA capitalizes all property and equipment with a cost or value exceeding \$10,000. Depreciation is computed on the straight-line method over the estimated useful lives of the related assets, ranging from 5 to 40 years. Depreciation expense is allocated to the various program services and supporting activities.

September 30, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

ANNUITY AND TRUST LIABILITIES

SIM USA has established a gift annuity plan whereby donors may contribute assets to the organization in exchange for the right to receive a fixed dollar annual return during their lifetimes. A portion of the transfer is considered to be a charitable contribution for income tax purposes. The difference between the amount provided for the gift annuity and the present value of future payment, determined on an actuarial basis, is recognized as support at the date of the gift. The annuity liability is revalued annually based upon actuarially computed present values. Resulting actuarial gain or loss is recorded as change in value of annuities and trusts. Certain states require reserves to be held in excess of the liability. Such amounts are reported as net assets without donor restriction.

As trustee, SIM USA administers revocable (grantor) trusts that provide for a beneficial interest to SIM USA or other beneficiary at the grantor's death. Because the trusts are revocable at the discretion of the grantor, the principal amounts provided are recorded as liabilities. All trust income, deductions, and credits are reportable by the grantor for tax purposes. At the grantor's death, the remaining trust assets, if designated for SIM USA, will be recorded as contribution income. Any trust designated for other beneficiaries will be distributed in accordance with the trust agreement.

As trustee, SIM USA administers irrevocable trusts, including charitable remainder unitrusts and annuity trusts. These trusts provide the payment of lifetime distributions to the grantor or other designated beneficiaries. The present value of the income interests are reported as trust liabilities using federal discount and mortality tables ranging from 4.6 to 7.6%. At the death of the lifetime beneficiaries, the trusts provide for the distribution of assets to designated remaindermen. The present value of the remainder interest of SIM USA is reported as with donor restriction contributions in the period received, net assets with donor restriction, and reclassification to net assets without donor restriction when the trust matures. Certain trusts contain provisions to distribute assets to remaindermen other than SIM USA. The portion attributable to others is reflected as a part of trust liabilities on the combined statements of financial position (Note 7).

OTHER LIABILITIES

Other liabilities consist of deferred income, missionary personal accounts, and a pledge payable to another organization.

2. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>, continued:

SUPPORT, REVENUE, AND EXPENSES

Revenue is recognized when earned and support when contributions are made, which may be when cash is received or ownership of other assets is transferred to SIM USA. Contribution revenue can also be recognized when unconditional promises are made. Conditional promises to give, that is those with a measurable performance or other barrier and a right of return, are not recognized until the conditions on which they depend have been met. Rental, sales, and other revenue, including Sebring Village receipts, are recognized when earned.

SIM USA reports gifts of cash and other assets as support with donor restriction if they are received with donor stipulations that limit the use of the donated amounts. When a stipulated time restriction ends or purpose restriction is satisfied, net assets with donor restriction are reclassified to net assets without donor restriction and reported in the combined statements of activities as net assets released from restrictions.

SIM USA reports gifts of property and equipment as support without donor restriction unless explicit donor stipulations specify how the donated assets must be used. Absent explicit donor stipulations about how long those long-lived assets must be maintained, SIM USA reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

SIM USA receives indications of intent to support ministries that are faith promise commitments to provide monthly, quarterly, or annual gifts of a specified amount. These commitments are open ended and subject to unilateral change by the donor. Because the commitments do not express a term or period, the amount of the commitment is not measurable. Considering these factors, the commitments are not considered to be unconditional promises to give and are not recognized prior to receipt of the contribution.

ALLOCATION OF EXPENSES

Expenses are recorded when incurred in accordance with the accrual basis of accounting. The costs of providing various program services and supporting activities of SIM USA have been summarized on a functional basis in the combined statements of activities. Accordingly, certain costs have been allocated among the program services and activities benefited. The expenses that are allocated include the depreciation expense, information services department, overhead department, and services department including the mail room, purchasing/shipping, and maintenance. These expenses were allocated based on the number of staff within program services compared to the total number of non-missionary staff located within the home office as a whole.

3. <u>LIQUIDITY AND FUNDS AVAILABLE:</u>

The following reflects the financial assets of SIM USA as of the combined statement of financial position date, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of the combined statement of financial position date. Amounts not available include amounts set aside for reserves designated by the board that could be drawn upon if the governing board approves that action.

3. LIQUIDITY AND FUNDS AVAILABLE, continued:

As of September 30, 2024 and 2023, SIM USA had \$15,421,111 and \$11,662,508 of financial assets available within one year of the combined statement of financial position date consisting largely of cash and short-term investments, respectively. Financial assets are structured to be available as SIM USA's general expenditures, liabilities, and other obligations come due. Any excess cash is invested in short-term investments in accordance with its investment policy statement. None of these assets are subject to donor or other contractual restrictions that make them unavailable for general expenditure within one year of the combined statement of financial position date. Respectively, SIM USA had \$800,977 and \$721,495 in endowment assets as of September 30, 2024 and 2023, that are designated by the board, as part of the annual budgeting process, which can be used to meet annual cash needs or as otherwise approved by the board.

INVESTMENT IN CAPTIVE INSURANCE COMPANY

SIM USA, along with 10 other nonprofit organizations, are members of an offshore captive insurance holding company, Lucent Insurance, Ltd. (Lucent), to provide coverage workers' compensation, general liability, property and automobile liability, and physical damage. SIM USA owns a non-controlling interest of the common stock of the captive and is accounting for the investment under the equity method, due to its ability to exercise significant influence over the operations of Lucent.

SIM USA's investment in captive insurance was approximately \$703,854 and \$871,838, as of September 30, 2024 and 2023, which represents 5.2% of Lucent's total equity for both years. Financial information is recorded as of August 31, which represents the most recent data available. SIM USA is not aware of any material changes to these balances as of September 30, 2024 and 2023. SIM USA paid approximately \$199,000 and \$195,000 in premiums to Lucent during the years ended September 30, 2024 and 2023. SIM USA received approximately \$29,000 and \$32,000 in reimbursements from Lucent during the years ended September, 30, 2024 and 2023.

Summary financial information of Lucent is as follows, rounded to the nearest thousand:

5. FAIR VALUE MEASUREMENTS:

SIM USA uses appropriate valuation techniques to determine fair value based on inputs available. The levels are defined as follows: Level 1 – based on quoted prices for identical assets in active markets; Level 2 – based on observable inputs other than quoted prices in active markets; and Level 3 – based on significant unobservable inputs. When available, SIM USA measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

5. FAIR VALUE MEASUREMENTS, continued:

Methods and assumptions used by SIM USA in estimating fair values are as follows:

Valuation techniques: Fair values for mutual funds are based on quoted market prices in an active market. The fair value of fixed income securities are based on yields currently available for comparable securities of issuers with similar credit ratings.

Changes in valuation techniques: None.

Gains and losses (realized and unrealized) related to investments are included in the change in net assets and are reported in investment income. Gains and losses (realized and unrealized) related to the annuities and charitable lead trusts are reported in change in value of annuities and trusts.

In accordance with international policy, all national divisions of SIM USA make payments to SIM International Administration for salary allowance, missionary area care, administrative costs, and undesignated contributions that exceed \$5,000 for the years ended September 30, 2024 and 2023, to be used for specific ministries. In addition, missionary support received by one division for another is remitted to the appropriate division.

SIM USA incurred the following expenses, related to SIM International and SIM entities:

| | Year Ended September 30, | | | | |
|-------------------------------------------|--------------------------|------------|----|------------|--|
| | | 2024 | | | |
| Salary allowance | \$ | 115,959 | \$ | 75,244 | |

10. MEMBER BENEFIT PLANS:

MEDICAL BENEFITS

SIM USA maintains a self-insured employee benefit plan covering certain employees for dental and vision costs and providing for certain limitations and restrictions on coverage. SIM USA is not subject to COBRA continuation coverage because our medical plans are considered to be church plans. SIM USA provides an employer sponsored Health Reimbursement Arrangement (HRA) account for clergy staff in conjunction with their integrated health care plans. Medical expense reimbursements from these HRA accounts are non-taxable as allowed by law.

RETIREMENT BENEFITS

Traditional 403(b) and designated Roth 403(b) Plans: Since the year 2000, SIM USA offers traditional 403(b) retirement accounts via Fidelity to employees and clergy staff. SIM USA also offers designated Roth 403(b) retirement accounts to employees and clergy staff. Total contributions to these plans were \$2,352,760 and \$2,338,451 during the years ended September 30, 2024 and 2023, respectively.

SIM USA Retirement Pool: SIM USA offers continued support to those members of the mission reaching the designated retirement age and having completed 30 year of active service through the year 2000, subject to funds available in the retirement allowances pool. Partial benefits may be received by those members having served between 20 and 30 years through the year 2000. Support may include a non-taxable clergy housing allowance or housing provided, certain medical payments, and a supplement to the extent social security benefits are deemed to be inadequate. Support amounts vary from period to period based on the level of retirement funds available. Benefits from the SIM USA Retirement Pool are not guaranteed, but "as the Lord provides." SIM intends that support received will not exceed costs of benefits, and the plan is being treated as a nonqualified defined contribution arrangement.

Individual Retirement Support Accounts: SIM USA offers individual retirement support accounts to certain retired missionaries that were not eligible for participation in the SIM USA Retirement Pool. Most of these retirees joined SIM as a result of the Africa Evangelical Mission (AEF) merger in 1996. Benefits include a non-taxable clergy housing allowance and or taxable retirement payments. Benefits are not guaranteed, but "as the Lord provides." SIM intends that support received will not exceed costs of benefits, and the plan is being treated as a nonqualified defined contribution arrangement.

11. ENDOWMENTS:

SIM USA's endowments consist of 5 individual funds established for a variety of purposes as a result of donor contributions and board designations. Net assets associated with endowment funds, including funds designated by the board of trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The board of trustees of SIM USA has interpreted the North Carolina Uniform Prudent Management of Institutional Funds Act (NCUPMIFA) as requiring the preservation of the fair value of the original gift, as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, SIM USA classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as net assets with donor restriction by perpetuity are classified as net assets with donor restriction by time or purpose until those amounts are appropriated for expenditure by SIM USA in a manner consistent with the standard of prudence prescribed by NCUPMIFA. In accordance with NCUPMIFA, SIM USA considers the following factors in making a determination to appropriate or accumulated donor-restricted endowment funds:

- 1. The duration and preservation of the fund
- 2. The purposes of SIM USA and the donor-restricted endowment fund
- 3. General economic conditions
- 4. The possible effect of inflation and deflation
- 5. The expected total return from income and the appreciation of investments
- 6. Other resources of SIM USA
- 7. The investment policies of SIM USA

11. ENDOWMENTS, continued:

Return Objectives and Risk Parameters—SIM USA has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that SIM USA must hold in perpetuity or for a donor-specified period(s) as well as board-designated funds. Under this policy, as approved by the board of trustees, the endowment assets are invested in a manner that is intended to produce an inflation adjusted income stream to grow the corpus above the inflation rate. SIM USA expects its endowment funds, over time, to provide an average rate of return of approximately 9% annually. Actual returns in any given year may vary from this amount.

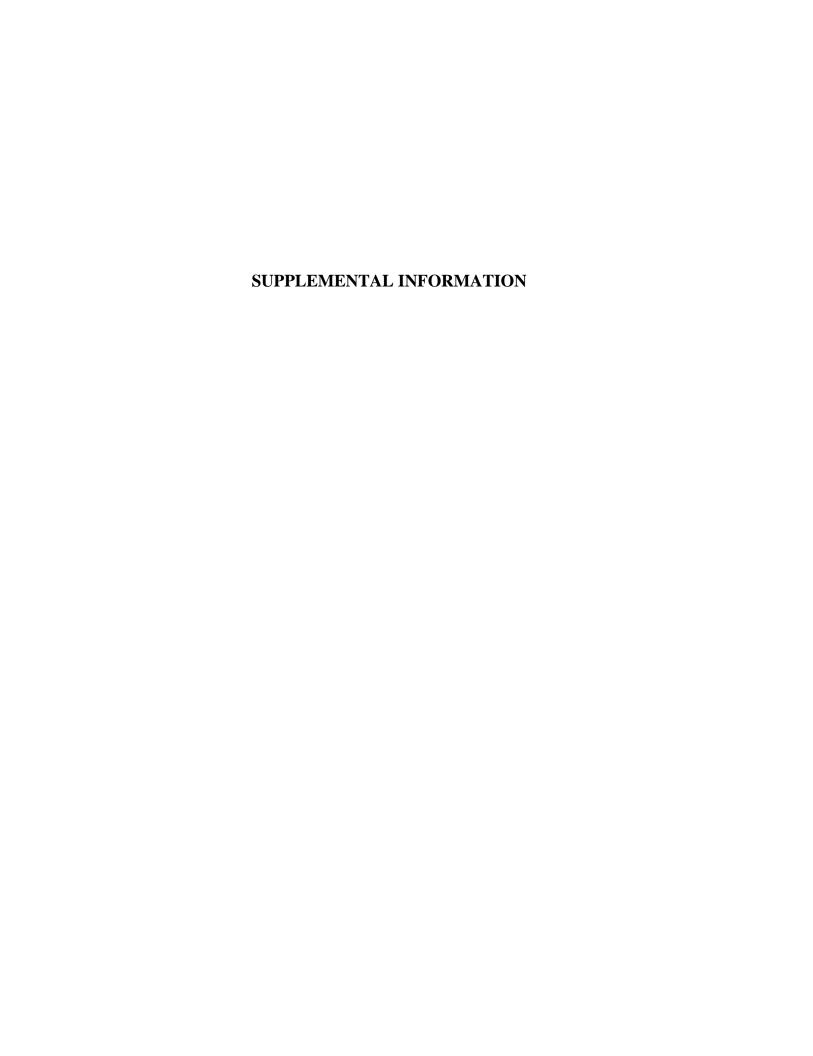

Funds with Deficiencies—From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or NCUPMIFA require SIM USA to retain as a fund of perpetual duration. As of September 30, 2024 and 2023, such deficiencies totaled \$0 and \$16,909, respectively. The original endowment gifts for these funds totaled \$2,578,717, with the fair market value of the underwater endowments totaled \$2,561,808 as of September 30, 2023. This deficiency resulted from the net investment losses due primarily to unfavorable market conditions that occured after the investment of the perpetually restricted contributions and continued appropriations of the underwater funds that were deemed prudent by SIM USA.

Strategies Employed for Achieving Objectives – To satisfy its long-term rate-of-return objectives, SIM USA relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). SIM USA targets a diversified asset allocation that places a greater emphasis on fixed income investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy—SIM USA has a policy of appropriating for distribution each year 5% of the value of each fund. This calculation is based upon the actual rate of return on the endowment funds for the previous calendar year. In establishing this policy, SIM USA's board considered long-term expected return on its endowment. This is consistent with the board's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment returns.
